# Title I School Goals

- School goal #1 - Academic

Due to COVID learning loss and access to direct instruction we note a large decrease in proficiency rates. Our current goal is to decrease the learning loss related to COVID by increasing proficiency in the Tier 1 by 10% to 39% and decreasing Tier 3 by 20% to 33% by the end of 2022 school year.

- School goal #2 - Positive Climate

We would like to continue to improve our RPI with a 7:1 ratio or higher. We would also like to assess OTR (opportunities to respond) data and observe an average of 40 or more opportunities. Disruptions to be less than 5 and ToT (time on task) we would like to observe 90% engagement.

- School goal #3 - Behavior

We will continue to work towards increasing the School Climate Connectedness Student Survey - Social Emotional Learning percentage to 80%.
